Personal Budget Transformation Programme

Want to help improve how people use their personal budgets?

We are looking for 2-3 people with lived experience to help shape a more flexible and person-centred approach to personal budgets in Shropshire.

Your experiences and ideas will help ensure people have greater choice, control and independence over the support they receive.

Get involved by:

- Sharing your experiences and ideas
- Reviewing information and resources
- Working alongside staff to help shape the project

Opportunity Details

When: April 2026 to March 2028

Who: Adults and young people with relevant lived experience

How: Mostly online, with occasional face-to-face meetings

Time commitment: Around 20 hours per year

Payment offered: Yes

 This is a chance to make a real difference and help create support that works better for people. Your voice will be valued and listened to throughout the project.

Healthy Shropshire Public Health Campaign VOLUNTARY OPPURTUNITY

Help us make health and wellbeing information easier to find.

We are looking for local people to help shape a new Healthy Shropshire campaign. We want to hear where you currently find health information, how you would prefer to receive it, and what makes information clear and engaging.

Get involved by:

- Share your views and ideas.
- Give feedback on campaign materials.
- Help us reach local communities more effectively.

Opportunity Details

When: September – December 2026

Who: Up to 10 participants

How: Online and face-to-face opportunities

Help Design Our Working Together Web Pages & Co-Production Logo

Got ideas about what good co-production looks like? We would love to hear them.

We're looking for 3-4 people with lived experience to help create new Working Together web pages and a co-production logo. Your ideas will help make sure they are welcoming, accessible and truly reflect working together as equals.

You'll help us:

- Share ideas for the web pages and logo.
- Review designs and suggest improvements.
- Make sure everything is clear, inclusive and meaningful.

 This is a great opportunity to help shape how co-production is represented across Adult Social Care and leave your mark on something that will be used for years to come.

Help Create a Co-Production Toolkit

Help us create a toolkit that supports staff to work better with people.

We're looking for 3-4 people with lived experience to share their ideas and help design a practical Co-Production Toolkit for Adult Social Care staff.

You will help us:

Share what good co-production looks like.

Review ideas and resources.

Suggest tips that will help staff work in partnership with people.
